STRAW POLL NIGHT

The run of show, from the week before to the post.

THE WEEK BEFORE

- [ ] Pick the room: your chapter meeting, or a table where your school allows one.
- [ ] Set the names. A to Z, same size, with a write-in line.
- [ ] Print the ballots, a tally sheet and the table sign. Find a box with a slot.
- [ ] Post the announcement card with the time and the place.

AT THE BOX

- [ ] One student, one ballot. Check a student ID and write nothing down.
- [ ] No names on ballots. Fold it once and drop it in.
- [ ] No candidate signs, shirts or stickers within reach of the box. No petition clipboard on that table.

THE COUNT

- [ ] Count the ballots in the box first and write the number down.
- [ ] Count out loud. One reads, one marks the tally sheet or taps the scoreboard. Anyone may watch. Both counters sign the sheet.
- [ ] If the total does not match the box, count again.
- [ ] Run the reveal on the big screen.

THE POST

- [ ] Post two pictures that night from your group's own account: the results card and the signed tally sheet.
- [ ] Post it whoever finished first.
- [ ] Send us the link: mcentee2028.org/strawpoll
- [ ] Make the challenge card and call out your rival.

An independent draft effort. Not authorized by McEntee or any candidate. He has not said he is running.
